

Send Us Your Wilshire Boulevard Memories!

Wilshire Boulevard means many things to many people. The 16-mile stretch from downtown to the beach boasts a remarkable range of sites and scenery, a treasure trove of cultural and architectural landmarks. Which places would you like people to remember, today and generations from now? Tell us!

Please complete this questionnaire if you'd like to share your knowledge, memories, photographs, or memorabilia related to Wilshire. The information you provide will help in our research for *Curating the City: Wilshire Boulevard*, a new program combining a tour on October 2 with other events, a website, and guidebooks for kids and adults. Thank you!

What place(s) along Wilshire do you consider important? Please briefly describe each, including its name, neighborhood, address if possible, and why it's important to you.

Do you have personal stories or recollections about the place(s), or Wilshire in general, that you'd like to share? Please use the space below or attach an additional page.

Do you have any photographs or digital images that you would allow us to reproduce online and/or in printed materials? Please describe (and list the site name and address if it differs from above) and, if possible, enclose a photocopy.

Do you have any postcards, matchbooks, menus, souvenirs, or other memorabilia that we can scan for possible use online and/or in printed materials? Please describe and, if possible, enclose a photocopy.

Can you recommend any people, websites, or organizations with more information?

How can we reach you if we have questions?
