Questions and Activities

1. If you could interview one of the hidden heroes and visit the historic place they are connected to, who would you choose and why? What questions would you ask this person?
2. Who are the hidden heroes that made an impact in your community and which historic places are they connected to? How can you learn more about these people and the places where they made an impact?
3. Consider one of the issues the hidden heroes advocated for. Is there a place in your city or neighborhood with a similar history to a place presented in the book? Why is it important to preserve places associated with important people and events?
4. Choose a historic place in the book that you are curious about. Complete one of the activities from the coloring book for the place you have chosen. Share what you learned from your adventure and activity with your class, family, or friends!
