

# Memory Matching Activity

## Griffith Park

Cut out all of the cards and place them on a table with the text/image side facing down. Test your memory by matching each description with its corresponding image.

1

A facility that engages the public in an exploration of over 800 plant species, 270 species of mammals, birds, amphibians, and reptiles.

2

Established in 1988, this museum celebrates an inclusive and interconnected history of the American West and houses over, "600,000 artifacts, artworks, and archival materials."

3

Built in 1923, this famous sign on Mount Lee used to have four extra letters which were removed in 1949. Today, this sign is known all over the world and represents L.A.'s entertainment industry.

4

The grove of pine trees that was planted in 1990 in honor of the 25th anniversary of Los Angeles and Berlin becoming sister cities.

5

Since 1935, this domed building has made astronomy accessible to everyone.

6

Originally housed in San Diego, this merry ride was moved in 1937 to Griffith Park where kids (and adults) have been enjoying it since then!

7

Giddy up! A place where kids can ride and pet animals that you might find on a farm.

8

Choo! Choo! Since 1948, people have been riding trains here that are 1/3 or 1/4 the size of real passenger cars and locomotives.

9

Artifacts from Tongva\* villages were found nearby in this green area that is known as Historic Cultural Monument #112.

\*Tongva, also referred to as Gabrielino Indians, are native to the land where the park and city of L.A. are located. They have lived and still live in L.A. today!

10

Since 1930, people have enjoyed performances in this outdoor amphitheater which is named for its Greek inspired architecture.

11

Named after the city, this nearly 51-mile natural resource flows along the North and East boundaries of the park.
